University of Caen-Normandy | UFR SEGGAT – CREM (UMR CNRS 6211)

RESEARCH THEMES

- Environmental Economics
- Energy Economics
- Geographical Economics
- Spatial Economics
- Econometrics

CURRENT POSITION

Since November 2024 **Doctor in Economics**

Thesis title: "Analysis of the development of biogas units in France: A trade-off between location and social acceptability."

Supervised by Jean Bonnet (CREM, University of Caen-Normandy) & Sébastien Bourdin (EM Normandie)

Jury members: Danielle Galliano (AGIR-INRAE Toulouse); Pascal Grouiez (Referee, LADYSS, University of Paris Cité); Julie Le Gallo (Referee, CESAER-Agrosup Dijon); Jean-Sébastien Pentecôte (President, CREM, University of Caen-Normandy) & Patricia Renou-Maissant (EconomiX, University of Paris-Nanterre)

Defended at the University of Caen-Normandy on November 22, 2024.

September 2023 -
August 2025

Temporary Teaching and Research Assistant

At the University of Caen-Normandy

PUBLICATION

2022 Faulques, M., Bonnet, J., Bourdin, S., Juge, M., Pigeon, J., & Richard, C. "Generational effect and territorial distributive justice, the two main drivers for willingness to pay for renewable energies", **Energy Policy**, Vol.168 (Rang A HCERES)

WORKING PAPERS

2024 **Faulques, M., "What drives the location and diffusion of biogas units"**
Currently under submission in Energy Policy (Rang A HCERES).

2023 **Faulques, M., Bonnet, J., & Bourdin, S., "A comprehensive study of the effect of biogas units on real estate prices in France"**
Under revision in Energy Economics (Rang A HCERES).

SCIENTIFIC ARTICLE REVIEWS

2024 Reviewer for the journal **Climate Policy** (Rank A HCERES).
